Your Time. Your Flow

Features

Create and manage activities
Users can add, edit, rename, or delete activities such as "Learn Angular" or "Study Math."
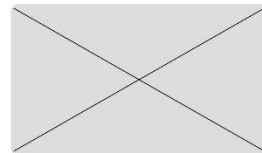

Learn More

Start and track Pomodoro sessions
Users can set custom work and break durations, run consecutive cycles, and associate each session with an activity. Sessions are automatically recorded.
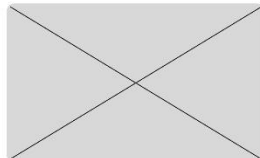

Learn More

Add session notes
After each session, users can write notes summarizing what they accomplished. Notes can be viewed, edited, or deleted later.
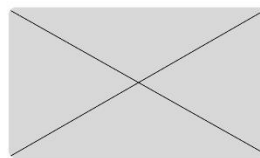

Learn More

View reports and progress
The system generates summaries showing total sessions, hours spent per activity, and progress over time.

Learn More

Manage user accounts securely
Users can register, log in, update their profile, and delete their account.
